

PRIYA SHAH

Front-End Developer | Web Developer

Perth, WA • +61 404 857 967 • priyashah_95@yahoo.com
[linkedin.com/in/priya-shah-024723144](https://www.linkedin.com/in/priya-shah-024723144) • <https://priya-portfolio-nu.vercel.app/>

PROFESSIONAL SUMMARY

Front-End Developer with 4+ years of experience delivering production-grade **websites, landing pages, themes, and scalable component systems**. At Locafy, delivered 25+ websites and reusable templates using Astro, Tailwind CSS, JavaScript, Vue.js and Nuxt. Actively expanding into React — with a deployed portfolio, Task Analysis Dashboard, and E-Commerce Dashboard. Strong foundation in UI/UX design (Figma), SEO, agile delivery, and API integration. Based in Perth, WA, with full Australian work rights. Open to Front-End Developer, Web Developer, and UI Developer roles.

CORE SKILLS

Front-End Development: HTML5, JavaScript (ES6+), React (hooks, state management, component architecture), Astro, Tailwind CSS v4, Tailwind Variants, Nuxt, Bootstrap, Component-Based Architecture

UI/UX & Design: Figma (low & high fidelity wireframes), Responsive Design, Accessibility (WCAG), Canva

SEO & Performance: On-Page SEO, Page Speed Optimization, Lazy Loading, Code Splitting, Lighthouse Optimization, Lead Generation Pages

Tools & Workflow: GitHub, Jira, Agile/Scrum, Sprint Planning, Cloudflare, HubSpot, Version Control

Other: API Integration, Technical Documentation, WDLC, SDLC, Microsoft PowerApps, SQL Server

REACT PROJECTS (2026 — IN PROGRESS)

Personal Portfolio Website — priya-portfolio-nu.vercel.app

- Built and deployed a personal portfolio in React, showcasing projects, skills, and work history with responsive design and clean UI.

Task Analysis Dashboard — <https://github.com/piihushah/task-analysis-dashboard>

- Built an interactive React task dashboard using reusable components, search/filter functionality, task detail modal, add/delete task flow, status-based columns, drag-and-drop interactions, and localStorage persistence.

E-Commerce Dashboard *(in progress)*

- Building a React product dashboard with product listings, product detail pages, reusable UI components, responsive styling, and category-based product display. Currently extending the project with add-to-cart functionality, cart state management, and checkout flow.

WORK EXPERIENCE

Web Developer | **Locafy, Perth, WA** (April 2021 – March 2026)

- Designed and developed **25+ production websites, landing pages, themes, and reusable templates** using Astro, Tailwind CSS, Tailwind Variants, and JavaScript — improving page load speed and search visibility across deployments.
- Built **scalable theme systems and reusable UI components**, enabling faster creation of new websites and landing pages with consistent design and structure.
- Implemented performance optimizations — code splitting, lazy loading, and component reuse — achieving measurable improvements in Lighthouse scores and user experience.
- Created SEO-focused landing and proximity pages optimized for lead generation, keyword targeting, and directory structure best practices.
- Designed low- and high-fidelity wireframes in Figma, translating business requirements into intuitive interfaces aligned with HCI principles.

- Collaborated with R&D teams to build dashboards in Vue.js and Nuxt, integrating REST APIs for dynamic content and user workflows.
- Managed development tasks in Jira across agile sprints — sprint planning, backlog grooming, and issue resolution — within a distributed team.
- Used GitHub for version control, pull requests, and template management across collaborative development workflows.

Database System Intern | **Mineral Commodities, Perth, WA** (Oct 2020 – Jan 2021)

- Built internal business applications using Microsoft PowerApps connected to live SQL Server databases.
- Automated data workflows using Power Automate and OneDrive integrations, reducing manual reporting effort.
- Assisted in data visualization and operational reporting using PowerApps tooling.

Junior Web Developer | **Kiljir Consultancy, Gujarat, India** (Jun 2016 – Jun 2017)

- Developed client-facing websites following SDLC and WDLC best practices, consistently meeting delivery timelines.
- Collaborated with senior developers to scope and deliver web solutions aligned to client specifications.
- Mentored junior team members in web development fundamentals, technical documentation, and project reporting.

Customer Service Representative | **Pastacup, Perth, WA** (Feb 2018 – Aug 2022)

- Part-time customer service role held alongside studies and early career development in Perth.

EDUCATION

ACS Professional Year Program (2021 – 2022)

National Institute of Technology, WA

Master of Science — Computer Science (2018 – 2020)

Curtin University, Perth, WA

Bachelor of Engineering — Computer Engineering (2013 – 2016)

GTU University, India

CERTIFICATIONS & LEARNING

- Continuous learning through project-based coding, freeCodeCamp, Udemy, and SoloLearn — Front-End, UI/UX, Web Development

ACHIEVEMENTS

- Recognized as Best Member at Locafy for planning and organizing team initiatives.
- Gold Medalist, Bachelor of Engineering — Department Topper, GTU University.
- Dewang Mehta IT Awards — Certificate of Topper.

LANGUAGES

English (Fluent) • Gujarati (Fluent) • Hindi (Fluent)

VOLUNTEER EXPERIENCE

AIESEC — Student Exchange Program | Gujarat, India

- Supported international student exchange initiatives and event coordination.
